

## Scholarship Information for Continuing Students

The SALT Center is proud to offer a range of need-based and merit-based scholarships to help compensate for the fees associated with participating in our program. All of the awards are designed to make the dream of participating in the SALT Center's innovative program a reality. The majority of our scholarship awards are funded by donations from our generous supporters to ensure that deserving students have access to SALT regardless of their family's financial status.

SALT scholarships are renewable based upon available funds and the continuing eligibility of the candidate.
